SAUNAKING

## Movable Half Body Infrared Sauna

1

Step 1: Pull it out

2

Step 2: Open the door and step into the half body sauna room

3

Step 3: Adjust the distance to make sure you are comfortable

4

Step 4: Cover a piece of bath towel (to avoid emanation of heat) and enjoy sauna.

### Tips

- Pls turn off the air conditioner before using.
- It's suggested to set the sauna temperature and time through control panel, normally, 50 minutes at 50°C.
- Pls cover upper part of the body with bath towel.
- Pls have a hot bath and drink water after using.
